

At Pensby High School we aim to be the community school of choice for all local children and beyond. We are focused on developing a culture of innovation and challenge for all our staff and students. One in which high quality teaching and learning leads to a culture where all our pupils achieve their potential and leave our school ready for further education, training or employment. Where a student's academic success is assured and wider learning opportunities are celebrated alongside all the diversity that makes Britain 'Great' in the 21st Century.

Our school is a safe, caring environment where every pupil is valued, challenged and motivated to be the best they can be. Core values such as tolerance, care and respect are central to our view of how we inspire individuals to their own personal success, and develop the contribution each of us makes to our school and community.
