17th May, 2016

Dear Parent / Guardian

Please find below a revision list to help your son/daughter prepare for the end of year Maths tests that will take place soon after half term.

For the test your son/daughter will require a calculator as well as the usual pen, pencil and ruler.

There are several useful websites; some listed toward the bottom of this letter but the website that we use here at Pensby is <http://mymaths.co.uk/> (your son/daughter should have their own log ins and passwords)

write a number in words	properties of squares & triangles
round to the nearest 10, 100 etc	place events on a probability scale
divide by a single digit	use factors & multiples to solve a problem
use term to term rules to complete sequences	calculate fractions & % of an amount
draw a pictogram	substitute values into a formula
properties of rectangles & squares	know the sum of angles in triangles and in quadrilaterals
use number bonds to solve a problem	calculate the mean , median and mode
reflect 2D shapes	calculate with squared and cubed numbers
understand place value in large numbers	

May I also take this opportunity to thank you in advance for your support in helping your son/daughter to revise and prepare for the test.

Yours faithfully,

*M. Williams*

Mr. M.Williams ( Head of Mathematics )
